At the end of the last term was recommended. The chances seem thus the other way. The object of the Bank at present is to buy the shares at 25% the face value does not go a long way unless there is also the wide powers given the Bank to sell and nothing is known about it. The first meeting which is to ratify the Directors resolution is this week-end. So far very little beyond the powers has been effected since B. of E. taken over the management. ~~and this has stopped it from being used like this~~.

15. However this maximum more than a month has now elapsed after the period for which the management has been sanctioned. The Directors have requested that the management may continue until the end of April. This may perhaps be sanctioned. In the meanwhile the Govt. Continuance of the Tirthahalli Tile Factory under the management of the Industries and Commerce Department.

K 23 1) I beg to invite reference to my Final Note dated 17th August 1922, and His Highness' orders thereon, setting forth the circumstances under which the management of the above Tile Factory by the Department of Industries and Commerce was directed to be extended till the end of December 1922.

2.) The extended period having expired on 1st January 1923, the Director of Industries and Commerce has submitted a report explaining the present state of affairs in the factory, and, recommending that the management of the concern by the Industries Department may, for the reasons therein given, be desirably continued for another six months.

3.) The Directors of the Company having met and resolved on 4th January 1923 that the Government might be pleased to keep the concern under their management till the end of April next, I supported, in my Minute of 7th February 1923, the recommendation of the Director of Industries and Commerce that the present arrangement may continue for sometime more. The Director's latest report as to the working of the concern discloses a most unsatisfactory state of affairs.

4.) The subject was considered in Council at its meeting held on the 21st February when it was decided that, if no satisfactory settlement was arrived at among the shareholders by the end of April next, a suit would have to be filed for the recovery of the amount of the loan or the foreclosure of the mortgage.

DIRECTOR OF INDUSTRIES AND COMMERCE, IN MYSORE.

FROM

P. G. D'SOUZA, ESQ., B.A., B.L.,

Director of Industries and Commerce in Mysore

Bangalore (India)

JAN 1923

To

The Secretary to the Government of Mysore,
General Department,
B a n g a l o r e.

SIR,

With reference to your letter No. 4179/34c dated 6-1-23 regarding the Thirthahalli Tile Factory, I have the honor to state that as the Directors took no action to merge the shares and have one or two persons responsible for the concern, I issued peremptory notices to them. In response to a final notice Mr. Agumbi Venkataramayya, a Wealthy landholder of Agumbi, one of the principal shareholders, has offered to purchase the right of the other shareholders for one-fourth of the value which is a reasonable value having regard to the position of the concern and offered to make arrangements to discharge the Government debt. A copy of the resolution is submitted for information.

The Collapse of the chimney last August owing to abnormally heavy rains prevented any further manufacturing operations. As the collapse of the chimney destroyed also about Rs. 1,000/- worth of tiles the financial results have not been quite satisfactory, but if the concern is properly worked it can be made to yield a profit even under present conditions.

The document under which Government have advanced money to this concern is peculiar. It contains no clause to sell the factory. Through some oversight this document was not registered with the Registrar of Joint Stock Companies and though the late Government

Advocate

Advocate was requested to take necessary action in the matter, he does not seem to have moved. Similarly no action was taken in regard to the direction to take a new document. As Government are aware there ~~are~~ were several other creditors and as some of the creditors were shareholders of the Company any suspicion on their part that Government lien was not entitled to priority would have made them very obstinate in their demands. These claims have now been settled with the exception of those referred to in the resolution No. 2 dated 4-1-23 sent by the Directors which I have refused to recognise and which according to the latest resolution of the Directors they have to arrange to settle before the concern is transferred to Mr. Venkataramanayya. After the need for a new document came to my notice, I examined the position and as under the Company's Regulation it is to our advantage not to take a new document as the amount can be claimed at once and we are not bound by the instalments. I deemed it best to watch developments before taking any further action.

If Mr. Venkataramanayya does not take over all the shares and make some arrangement to pay Government debt, he as the principal shareholder, is likely to apply for liquidation. If he does not do so then we may sue for the whole amount and sell the concern. I can get purchasers for it if it can be sold free from defect in the title and the concern is going. I am arranging to complete the chimney and start work. We may continue to work for another six months by which time if the shareholders make no ~~xxxxxx~~ arrangements to settle the Government debt we can sell the concern. Government may approve of the concern being worked for another six months and in the meanwhile satisfactory arrangements are not made to pay Government dues we may sue for the whole amount.

I have the honor to be,

Sir,

Your most obedient servant,

DIRECTOR.

Sir,

With reference to correspondence ending with your letter No: 6865 I&C. dated 10-5-1923, I have the honour to state that I have caused notices to be issued to the Directors of the Thirthahalli Tile Factory informing them to take steps to take over the management of the concern after making adequate arrangements for the discharge of Government debt. In reply to this notice, one of the Directors Mr. Agumbe Rama Rao has stated that he has submitted certain proposals through the Deputy Commissioner while another Director wants Government to do what is best in the interests of the Government and the Share-holders. I have also consulted the Government Advocate with reference to your letter No:5584/83-22-8 IC. of 10-3-23 as to what action could be taken in the matter. The subject is under active consideration. I am trying my best to safeguard Government interests without resorting to extreme measures and closing up the concern.

I have the honour to be,

Sir,

Your most obedient servant,

DIRECTOR.

To

Sir,

With reference to your letter No. IC. 7332/I & C 83-22-10 dated the 31st May 1923, I have the honor to submit that the - - Managing Agency of the Thirthahalli Tile Factory does not expire on the 1st May 1923. Only Government have passed an order authorising the continuance of the working of the concern under Departmental Management till the end of 30th April 1923. We are not working the concern at present. We have to retain possession of the property until satisfactory arrangements are made to take over the Management of the Company either by the Directors or by any other person after furnishing adequate security for the proper discharge of the Government debt. As I have already reported to Government in the matter, I have taken such action as was possible under the circumstances by calling upon the Directors to discharge the Government debt and giving them and some of the intending purchasers time to send up definite proposals to Government as regards the arrangements they propose to make to take over the concern and give proper security for the proper discharge of the Government loan. I have not had any response from any of the Directors except Mr. Devangi Ramanna Gowda, who has stated that the Company may be wound up and Mr. Agumbe Rama Rao who stated that he has submitted certain proposals to the Deputy Commissioner and that the same may

may be considered favourably. Mr. Agumbe Rama Rao has assured me that he would arrange to give collateral security for the discharge of the Government loan. I have not got these proposals yet and I have requested the Deputy Commissioner to forward the same to me. As Government are aware a portion of the Wall and the Chimney of the Tile Factory having collapsed, I submitted proposals for the re-erection of the same and this has just been completed. As the period during which I had sought permission to work the Factory has elapsed, I have not re-started work. I am only keeping custody of the property effecting such sales of finish-ed goods that are in stock.

My recomendations in the matter are -

That we should issue a final notice now calling on the Directors to arrange to take over the concern and repay our debt within six weeks from the date of the receipt of this notice, failing which the ~~District~~ Circle Court will be moved for the liquidation of the Company as required by the Mysore Companies Regulation Section 162-163+166 and at the end of the period apply to the ~~District~~ Circle Court ~~for~~ to wind up the concern. If the concern is wound up and the Factory brought to sale there is some likelihood of ~~some~~ private purchasers being - - found for it.

I have the honor to be,
Sir,
Your most obedient servant,

DIRECTOR.

The Hon. Director &c

Sir, With reference to Corresp.ce ending with your letter No 483/C of 6.6.23 in regard to the affairs of the Dirhakalan Tea Factory I am directed to point out that in my letter No IC 5384/Ftc 83-22-8 of 10.3.23. You were required to take action against the Company on breach of the terms of the said (new) agreement by you via the Issue of a notice to the Company to discharge all liabilities to Govt. and take over the factory within

C. Stimulated time and in case they failed to do so to apply to the Court for a foreclosure of the mortgage.

I am now to request you to take firm and definite action at once as suggested in Consultation with the Government Advocate above as further delay is likely to be prejudicial to the interests of Govt.
